Safety Centers in Nashville

The **Family Safety Center (FSC)** is a welcoming and supportive place for anyone in Nashville who has experienced:

- Domestic violence
- Sexual assault
- Child abuse
- Elder abuse
- Human trafficking

A variety of organizations are co-located at the center so that people seeking support can access needed services in one place. When you visit the FSC, staff will listen to you, believe you, and provide help and assistance. You have the option to involve law enforcement if not, and to choose what services you want to receive.

The **Jean Crowe Advocacy Center (JCAC)** is located inside the Ben West Building to provide a safe and supportive environment for victims of domestic and sexual violence to receive services while waiting for court. At the JCAC, advocates provide assistance in a secure location apart from the offender.

Services at both safety centers are always free and confidential.

Children are welcome at both centers.
